TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Mont Vernon in the
County of Hillsborough in said State, qualified
to vote in Town Affairs:

You are hereby notified to meet at the Town Hall
in said Mont Vernon on Tuesday, the eighth day of
March next, at three of the clock in the afternoon, to
act upon the following subjects:

1. To choose all necessary Town Officers for the
year ensuing.

ACTION ON SUCCEEDING ARTICLES DEFERRED UNTIL 7:30 P. M.

2. To raise such sums of money as may be neces-
sary to defray town charges for the ensuing year and
make appropriations of the same.

3. To act on reports of all Town Officers, Agents,
Auditors, Committees, etc., and raise and appropriate
any money relative thereto.

4. To see if the Town will authorize the Selectmen
and Treasurer to borrow money in anticipation of taxes.

5. To see if the Town will vote to accept Town
Road Aid for construction of Class V roads, and raise
and appropriate for said purpose the sum of \$646.05
(State will add \$4,307.03).

6. To see what action the Town will take in re-
gard to granting a right-of-way through the town
property to Carl A. Bardwell.

7. To transact any other business that may legally come before said meeting.

POLLS WILL BE OPEN AT 3:00 P. M.
AND SHALL NOT CLOSE BEFORE 9:00 P. M.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and sixty.

W. GUILD SMITH,
WILLIAM O. LAMSON,
ROBERT C. MASON,
Selectmen of Mont Vernon, N. H.

COMPARATIVE HIGHWAY COSTS

Due to the fact that our highway expenditures represents more than 50% of our total town budget, we feel that the very definite increase of the last two years should be brought to the attention of the tax-payers.

We are therefore inserting a comparative statement of costs covering the last four years.

DALAND MEMORIAL LIBRARY

1959 has been a memorable year in the annals of the Daland Memorial Library. On August 18, it completed 50 years of service to the community and celebrated the anniversary of the formal dedication of the building on August 18, 1909, by inviting the townspeople and staffs of 16 neighboring libraries to meet for a service at the Church where the following program was presented.

After an invocation by Rev. G. B. Thomas, a delightful musical program was rendered by Mrs. C. Clark Stewart, violinist of Amherst, and her accompanist, Mrs. Millett of Hudson. A history of the Library from its founding in 1892 was given by Mrs. Endrejat, who then called upon Mr. Reagan to speak for the Daland Trustees, and Miss Catherine Morgan for the Town Trustees. We were especially favored by the presence of Mrs. McKay, State Librarian, who addressed us in her gracious and pleasing manner. The service closed with an Address by Dr. Danforth, President of New England College, Henniker, after which all adjourned to the Library for a social hour, with refreshments catered by Mrs. Betty Stewart and Mrs. Dorothy Long. Mrs. Reagan and Mrs. George Carleton presided at the punch bowls and the beautifully decorated anniversary cake was cut by Mrs. Cecil Smith, with Alice Byam and Donna Harcovitz assisting in serving. Mrs. Gladys Goodwin was in charge of the guest book, and Miss Melita Crawley furnished distinctive decorations of yellow and white flowers. Though the weather was unfavorable, the affair was an enjoyable one, and many thanks are due to all who in any way helped to make this a successful and memorable occasion.

The Daland Trustees completely renovated the building during the summer, clearing the attic of the accumulation of 50 years and painting the building

inside and out, putting up new shades, and replacing the shrubs with evergreens from Woodman's.

The shelves being overcrowded, a major job of discarding outworn and outdated books was undertaken with the advice and assistance of Mr. Maurer of Keene. About 1000 books were removed and disposed of in various ways, many being taken by the Morgan Memorial, after a vain effort to sell them to dealers. Those that could be of use to the State Library were delivered there.

Another book rack for displaying important books has been acquired, and 165 new books have been added, some by donation from Rev. Mr. Thomas, Mrs. Hooper, Mrs. Reagan, Mrs. Goodwin, Mrs. Badger, Mrs. John Clark, Robert J. Goffin, and 3 in memory of Mabel F. Conant by her cousins.

A history of Abbot Academy written by Jane B. Carpenter of Andover, Mass., a former resident when her father was pastor here, was given by her in memory of the girls from Mont Vernon who attended the Academy.

The new Town History of Lyndeboro has been received in exchange. A 5th volume of Town Reports has been bound, bringing the collection up to date from 1865 to 1958 inclusive.

Mrs. John L. Bailey has presented a pair of Wedgewood pitchers from her valuable collection, making an important addition to the attractiveness of the Library. Gifts of money are gratefully acknowledged from Mrs. von Weber, Mrs. Cecil F. Smith, Miss Bessie J. Daniel, Mrs. Neary, and Mrs. John L. Bailey.

It is with deep personal regret that I record the death on September 7, of Winthrop B. Wood, who has served as Treasurer of both Town and Daland Trustees with outstanding efficiency for many years, a labor unrewarded except for the satisfaction gained from unselfish service rendered to one's fellow men.

Mrs. Isabel Hall was elected to serve as Town Trus-

tee for 3 years and has proved a valuable addition to our staff of devoted workers in the exceptional activities undertaken this year. On November 17, Miss Catherine Morgan was appointed to fill the vacancy on the Sophia G. Daland Trust.

Due to the necessary closing of the Library for three weeks in the summer, the circulation of books and magazines is somewhat less than last year, but an encouraging interest has been exhibited in the number of interesting and informative books that have been provided for both adults and our youth.

May the next 50 years extending into the next century see Daland Memorial Library as a more active, efficient and increasingly important influence in the cultural welfare of the community.

Respectfully submitted,

RUTH S. ENDREJAT,
Librarian.

CATHERINE MORGAN, Treasurer.

REPORT OF POLICE CHIEF

During the past year the following complaints were investigated and acted on by your Police Department:

Accidents	17
Motor Vehicle Violations	3
Suspicious Persons	3
Accidents resulting in personal injuries	1
Juvenile Complaints	38
Malicious Damage	6
Breaking and Entering	5
Larceny	3
Speed Warnings	83
Dog Bites	2
Care of Stray Dogs	5
Court Cases	3
Convictions	2
Missing Persons	1

This year you will note that we have had more Juvenile Complaints than ever before. We feel that the reason for this is due more to the lack of something to do than any other reason and that these juveniles are not potentially bad children. However, much time has been spent trying to straighten out these complaints.

Our accident ratio has also been greater this year, however we have had only one serious accident, but no fatalities, which has resulted in our receiving a Certificate of Safety from the State for the fourth year in a row.

The bicycles were not registered this year and we feel that this was a mistake as it does not give us a good check on them, especially those that are used after dark without any safety equipment. Also we feel that the boys and girls have pride in their registrations and hope that we can continue with registrations this year.

We have continued our weekend traffic control to try and keep speeding down through the town and have also cooperated with the State Police along the same lines.

Due to the increased number of complaints and accidents which results in a greater cost of operation we respectfully request an increase in the Police Department Appropriation of One Hundred Dollars.

We wish to take this opportunity to thank all those who have cooperated with us in any way and have rendered us aid during the past year.

ROLAND E. CHRISTIE, JR.
Chief of Police.

REPORT OF FIRE DEPARTMENT

The Fire Department was called out to only one chimney fire during the year 1959, which is a remarkable record. We are sincerely grateful to the townspeople for making this possible by their carefulness. As a result our expenses were low and enabled us to buy some much needed equipment, the major purchase being two Scott Air Packs.

Some of the surrounding towns have bought trucks from CD at tremendous savings, so the department thought it advisable to place our name on the waiting list for two vehicles.

The Fire Department will continue to fill the soda acid tanks free of charge as long as the supply lasts. Anyone wishing to have same checked, please bring them to the fire house on the first Monday of any month.

Fire Prevention is Everybody's Business

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note.

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning.

3. Make certain your fire is DEAD OUT before leaving it.

4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.

5. Don't burn at home. Use your town dump and save yourself much possible difficulty, both personal and financial.

WARRANT FOR ANNUAL SCHOOL MEETING

The State of New Hampshire

To the Inhabitants of the School District in the Town of Mont Vernon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the third day of March 1960, at four o'clock in the afternoon, to act upon the following subjects:

1. To choose by ballot, a Moderator for the coming year, a Clerk for the ensuing year, a Member of the School Board for the ensuing three years, a Member of the School Board for the ensuing year, a Treasurer for the ensuing year, Two Auditors for the ensuing year.

2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

4. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

5. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

6. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire, or from any other source.

7. To transact any other business that may legally come before said meeting.

Given under our hands at said Mont Vernon this thirteenth day of February, 1960.

ADMINISTRATION — SUPERINTENDENT

I herewith present my 21st annual report, consisting of this discussion together with other reports printed herewith:

Schools Are Big Business

The following table indicates what size this Supervisory Union has become. One needs only to add this to the other Supervisory Unions in this State and then to the other States to understand the magnitude of Schools as a Business in this Country. Since this unit and New Hampshire is so small as compared with hundreds of others, it is no wonder many people do not realize what goes on here or in the Nation with respect to education.

1958 - 59				
District	No. of Pupils	No. of Teachers	No. of Schools	Total Expenditures
Amherst	* 368	12	2	\$136,032.16
Brookline	* 123	4	2	57,125.20
Hollis	375	17	2	131,526.97
Milford	1143	46	3	339,779.36
Mont Vernon	* 79	3	1	35,295.04
	-----	-----	-----	-----
	2088	82	10	\$699,758.73

*Does not include Tuition Pupils to other Districts.

Adding the pupils Brookline sends to Nashua to the 2088 listed above and dividing, we find an over-all pupil cost of approximately \$325. Readers may think this is high. If so, we must compare this with reported costs in New Hampshire of \$388.72. Since our costs are part of this latter figure and are lower, then there must be many school units with a higher pupil cost in order to arrive at the \$388.72 figure.

Salaries

Item 6 of the Budget refers to the Teacher's Salaries and constitutes the largest amount in the total. For some time now, we have tried to consider salaries on a

percentage basis, using a beginner's starting-salary as 100% and advancing each year by 4% for varying numbers of years. At the present, this starting-salary is \$3700. Teachers of experience receive more by some 4% to 32%. We have three classes of preparation: 1. Those without a degree— whose salaries may range from 92% to 116% of the base. 2. Those with a Bachelor's degree — 100% to 124%. 3. Those with a Master's degree — 108% to 132%. Not all the districts have all of these features, all have some of them.

Now I feel the base must be changed and have recommended in my budgets to School Boards, \$3900 as the 100% base. Our study of salaries prompts these rewards to justify this base.

A. Beginners next September will demand and get much more than the present \$3700.

B. The average salaries of classroom teachers this year are:

National average	\$5025.
Mass. average	\$5100.
N. H. average	\$4356.
S.U. No. 40 median	\$4144.

Our median is thus \$212 lower than N. H.'s average, \$956 lower than Mass. (our greatest competitor) and \$881 lower than the National average.

C. Massachusetts will be on a \$4000 minimum for 1960-61 — this by law. (A nearby district in N. H. is already on this minimum.)

D. The average starting pay of women college graduates of 1957 (three years ago — when our base salary was \$3200):

Chemist	\$4847.	Mathematics	\$4675.
Nurse	\$3875.	Teachers	\$3799.

All occupations \$3739.

E. Therefore, to compete for and to maintain the adequate teaching staff this Union expects, I recommend an increase in the base of \$200. This would bring us up to challenging distance of present scales and maintain a status quo; an increase of \$300. would allow this Union to compete for teaching services with the expected increase in states and districts surrounding us.

The Staff

Fortunately, the same staff remains on duty as last year. I suggest you examine the total years of experience among your teachers. Then you will know what what I refer to as "fortunately" above.

The Future

Someone has said that we must look to the future because that is where we will spend the rest of our lives. Therefore, we make a budget for the future, we look into the years to come and examine our needs.

Federal funds for the improvement of teaching in Science and Mathematics have been available on a Matching basis this year and much good equipment has been purchased. More is anticipated for another year and a budget item for matching is included.

I am deeply grateful to the School Board, Teachers, and Citizens for their continued good efforts and interest in the schools.

Respectfully,

HAROLD C. BOWLEY,

January 20, 1960

Superintendent of Schools.

OUR HELPING TEACHER

Individual Differences Among Children in Supervisory Union No. 40

In spite of what we would like to believe, all children are not created equal. There is nothing we can do to alter that fact. But all children are entitled to an equal opportunity to be educated, regardless of the inequalities of their creation. The educational program in this union is continually improving in ways and means of doing this. However, we must continue to find better ways.

A study of the results of our recent testing program shows very clearly many of these inequalities. It will also give some indication of the many problems encountered by our teachers in attempting to give an equal education to all their children.

Consider the following table as a means of classifying individuals according to their ability:

Below I.Q. 75 — Retarded, needing special education.

I.Q. 75-85 — Slow learner, requiring extra time and extra help.

I.Q. 86-119 — Range of slow to average to rapid learners.

I.Q. 120-140 — Rapid learners, including gifted, needing enrichment or possible acceleration.

I.Q. 141 and over — Gifted to genius, needing special education.

Of a total of 861 children in this Union in grades two, three, four, and five tested this year,

- 19 scored I.Q. 74 or less
- 40 scored between I.Q. 75 and 85
- 562 scored between I.Q. 86 and 119
- 223 scored between I.Q. 120 and 140
- 17 scored between I.Q. 141 and 162

We realize that no test is infallible and that for some children it is but a rough estimate of their ability. In any case this survey has many implications for us.

1. A program designed to meet the needs of the average group cares for most of the children.
2. To be most effective an educational program must meet the requirements of all children.
3. Those children at either extreme should have a special program.
4. The grouping of children according to their needs is a way of providing for their differences.

While the program for caring for the gifted within our present classroom structure is increasingly productive there seems to be no good solution to the problems of the retarded. It seems hardly fair to anyone concerned that these children are not given the special type of education which is impossible to find in a regular classroom. It requires a specially trained teacher, special materials and consideration to give these children the equal educational opportunity they deserve. There are enough of them to warrant a special, but not segregated, classroom somewhere within this union. It is a real challenge. What can we do about it?

I would like to take this opportunity to thank the School Boards, Superintendent, parents and associates for their help and cooperation.

Respectfully,

MABEL I. CONNOLLY,
Helping Teacher.
